

For Immediate Release June 26, 2008

RLC-3 Replaced by RLC-DSP404

The RLC-DSP404 will be replacing the RLC-3 controller. The RLC-DSP404 provides more features at a lower cost than the RLC-3 controller, thus we have chosen to discontinue production of the RLC-3. The last time to buy a RLC-3 controller will be July, 15 2008.
